BINDT THE BRITISH INSTITUTE OF NON-DESTRUCTIVE TESTING

APPROVED TRAINING ORGANISATION

NASA 207 Course Application Form

The extract below is taken from **NASA 131 Terms and Conditions. It is very important to read this.**

17. Cancellation Options and Refunds Policy:

17.1 General:

a. Please ensure that you definitely want to go ahead with the booking, and do not have doubts.
b. Once a course date is booked and paid for, we will reserve your name and seat on that selected course, meaning that we may turn down other bookings on that event, to reserve and honour your booking.
c. Cancellations, Postponements or Substitutions must be done in writing via email.
d. Any candidate that may miss more than 6 hours of accumulated course training time, shall not be permitted to continue. If a valid reason is presented, NASA will allow a re-sit of the training event subject to availability.
e. NASA reserves the right to reschedule a course to a later date, if there are unforeseen circumstances.
f. Any candidate that fails to behave in a disciplined manner, and by action of this creates an interruption to the rest of the candidates or the tutor, shall be asked to forfeit the course without monetary refund. Such examples are the use of vulgar language, violence, blatant disrespect towards others and cheating, etc.
g. If you cannot continue with the training due to any reasonable legitimate reason, you may stop at that point, and we will arrange for you to continue the next available event, subject to us confirming available space.

17.2 Postponement:

a. Provided that you inform us via email, not later than 5 days before the event, you may change your date (Postpone) to a later scheduled date, and subject to us confirming available space on that next chosen event. Please inform us if you cannot attend, even if it is 1 or 2 days before.
b. Your booking will never expire, until you attend and complete the training or exam event that you have paid for.

17.3 Substitutions:

a. We do allow substitutions of candidates. You may substitute someone else to take your place, if you cannot attend yourself.
b. Please email us your instructions at least 5 days prior to the event, that you will be sending someone else to take your place, we will need all the necessary documents, such as the ID document, application form, and the minimum education requirements from the new person.

17.4 Refunds:

a. **A Cancellation of a Course Booking or PCN exam event, requesting a refund shall result in a refund less 25% of the total amount paid.**
b. We would therefore like to repeat that, should you be uncertain about booking with us, please do not go ahead. We do not want you to lose 25% of your funds.
c. Refunds will be processed 30 days after the formal request is made by email. Usually, we get it done much sooner.
d. **Once you start the course, and start the training, no refunds thereafter will be applicable.** You cannot start the training, occupy a place on a course, and decide after you have started that you do not want to continue. If you have such concerns, please do not proceed with the course and speak to us first.
e. You cannot request a refund, based on the reason that you have failed an exam category or assessment. These are not reasonable grounds that would constitute a claim for a refund, and such requests would be considered unlawful.

By signing this document, I acknowledge having read, understood, and accepted the terms and conditions outlined in **NASA 131 Terms and Conditions.**

Course Details: **(Please fill in the course that you are Booking for)**		
Method:		(PT, MT, UT, RT, ET, VT, WT, RI, PAUT, RS)
Level:		(Level 1, Level 2 or **Level 1 and 2** Combined.)
Start Date: **e.g.: 25-Dec-2026**		(The start date of the course that you are booking.)
Will you be doing the PCN Exam?		(Yes or No.)
Preferred Date of PCN Exam:		(Subject to Confirmation of the date by us.)
PCN Number:		(If No PCN number write: None or Not Known)

Please read and acknowledge the following Important messages:

(1) For us to train you, we need you to be here, so it is important to be on time, especially on the First Day of the training course. If you are late on the very first day, it is difficult for us to make the entire class wait any longer than 30 minutes to start.
After 1 hour of being late on the first day we will not allow you to join. Please call us ASAP if there are any issues.
(2) For Phased Array UT, we use Olympus MX2's and every 2 candidates share 1 machine.
(3) For Eddy Current- ET, we use Olympus Nortec 600's and every 2 candidates share 1 machine.
(4) There will be no more than 2 candidates allocated per PAUT or ET Flaw detector and fully equipped weld probe set.

Minimum Education Entry Requirement: **(Please attach a copy of your Grade 10 or 12 certificate with the results)**		
The minimum education entry level requirements for NASA training courses are listed below:		
PT, MT, VT, WT	Level 1 and 2 Combined	School Grade 10 with Math's and Physics
UT, RT, ET, RI, RS	Level 1 and 2 Combined	School Grade 12 with Math's and Physics
PAUT	Level 2	School Grade 12 with Math's and Physics, and UT level 2

Please Answer **Yes or No**. Leaving this blank will affect the approval of your booking.	
I do meet the minimum education entry requirement:	
I have attached a copy of my school grade certificate for verification of the above.	

Please only fill this section if you have answered **NO** to any of the above.	Sign here to acknowledge the Waiver:
I acknowledge that **I do not** meet the minimum education entry requirement but wish to proceed with the booking of this course at my own liability. I understand that not having the recommended educational background may limit my knowledge of certain physical science and mathematics concepts and may increase the difficulty of the course. Despite these challenges, I nevertheless wish to continue. I understand that I am not required to proceed with this booking should I not agree with this statement.	

The following special requirements are stipulated by BINDT for the undertaking of certain PCN examinations. Please review carefully and sign the acknowledgement. Even if it is not applicable to you, we just need to know that you are aware.	Sign here to acknowledge the requirements:
Mandatory PCN BRS Exam: Effective 1 March 2025, the **PCN BRS Exam** is mandatory for all PCN RT candidates. (See BINDT PCN News). All RT candidates seeking PCN RT **must** therefore also do PCN BRS. The Training (if applicable) and the PCN BRS Exam will be an additional fee to prospective RT candidates.	
Online Product Technology: For all new first time PCN exam bookings: The BINDT Product Technology online course is mandatory for first-time PCN exam applicants. Candidates must present the certificate to the AEC prior to the PCN examination.	

The following requirements were previously not fully understood and are therefore highlighted below for acknowledgement.	Sign here to acknowledge the requirements:
Industrial Experience: If you are seeking PCN certification, please note that, in addition to Training and Examination, an industrial experience requirement must be met. This involves gaining relevant on-site experience under the supervision of an operator who is PCN certified in the same method and level. You will therefore need to allow for the additional time required for this aspect.	
PCN Exam Fees are separate: The NASA Training Course Fee includes the Training and the End-of-Course Assessment and a certificate for successful completion. It does not include the separate PCN examination fee. Please refer to your quotation to confirm exactly what has been booked and paid for.	

By signing this document, I acknowledge having read, understood, and accepted the terms and conditions outlined in NASA 131 Terms and Conditions, and I understand the contents of this application Form.
