

NASA 051

Personnel Certification Requirements

The following documentation will be required for each candidate, in order for us to complete the required assessment towards certification in accordance with your Company Written Practice. These may either be provided by your Company Admin Staff, in PDF format via email, or the Technician(s) may submit them in the same manner directly to us. The receiving mail addresses shall be: acacia@nondestructive.co.za and nish@nondestructive.co.za

Listed below are the documentation requirements for each candidate:

1. Valid Eye Test – Not older than 12 months (Format available upon request)
2. Identity Document
3. Training Certificate from a registered NDT Training School
4. Training Results Sheet from a registered NDT Training School
5. Log of Industrial Experience (Format available upon request)
